

REMARKS

Review and entry of this Rule 312 Amendment is requested.

Applicant has amended claim 7 to change "first bracket" to "bracket" since no additional brackets are recited in claim 7 and its dependent claims. Applicant has further amended claim 7 to change a "." between claim elements to a ";" and to add a previously missing antecedent basis for "free end of the leg support."

Applicant has amended claims 14 and 21 to change "securing to" "secures".

Applicant has amended claim 17 to remove antecedent basis for "seat" because base claim 11 has already recited the claim element. Applicant has further amended claim 17 to add antecedent basis for "free end of the leg support."

Applicant has amended claim 20 to change "leg support" to "base" since base claim 11 recites that the "first bracket slidably mounted to the base."

Applicant has further amended claims 26 and 27 to add antecedent basis for "free end of the leg support."

No new matter has been added. Should the Examiner have any questions, please call the undersigned at (408) 382-0480.
